

Core Values

It's Not About Us

This is the Father's party and we are His servants, privileged to prepare the party and invite the guests. We design our environments to be relevant and welcoming for all to come as they are.

We're All in the Same Boat

We are all on a journey of transformation. And, none of us have arrived. We celebrate momentum over destination and inspire through grace rather than shame.

We Boycott Boycotts

We are known for what we are for, not what we are against. We seek to shine God's light and love rather than bring condemnation and judgment. We strive to focus on our common mission and core biblical beliefs.

We Light Up the Dark

We realize God has called us here to be a light. We courageously move into hopelessness, need, and injustice with the redeeming power of Jesus Christ.

We Pass the Baton

We invest in the next generation and give influence to emerging leaders, allowing us to stay effective for generations.

We Measure in Life Change

We are agents of God's redemption on this broken planet. Our effectiveness is measured by both personal and community transformation.

We are a Mosaic

We are intentionally diverse, believing that a mix of generations, ethnicities, and cultures helps create the rich and surprising unity Jesus desired.

We are Better Together

We do life together in groups, ministry in teams, and serve our community in partnership with others.
